## **iii career's Commitment**

Our experienced consultants can offer their expertise, respond to your inquiries, and offer useful and practical suggestions.

We comply with US employment and labor regulations, assuring reliable services.

With 12 branches in the US, we have the largest synchronized database of applicants. By utilizing this asset and working closely with our consultants, we can find candidates for you from a wide range of locations, industries, and backgrounds.

Starting with candidate introduction, we will meet your various HR needs that are crucial to your business development.

## **Additional Service iiiHR**

### **iiiHR HR Management Cloud Service**

With 25 years of experience in the industry and to respond to the needs and obstacles of our clients, we have developed iiiHR. It combines a number of systems and processes to ensure easy management of a company's employee data, documents, benefits administration, timesheets, training records, recruitment processes, and employee performance/reviews. We are offering a 30-day free trial. If you would like to experience our application, please contact us at [interesse@iicareer.com](mailto:interesse@iicareer.com).

## **Placing a job order at [www.iicareer.com](http://www.iicareer.com) is easy and convenient for both current and future hires.**

### **Full-Time Placement Services**

Whether you are looking for entry, professional, or senior level candidates, we will find suitable personnel from a variety of fields in a timely and efficient manner, using our own database called Job Navigator™. Because we are mainly success-fee based, we can meet your needs for a reasonable fee. We offer a 90-day guarantee period and thorough after-hire follow-up.

### **Temporary Staffing Services**

A perfect solution if you are looking to fill seasonal job openings or complex projects that require additional workers or special skills for the short-term. Starting from a minimum of 4 hours a day, TSS not only eliminates costs and time associated with recruiting, advertising, and HR management, but also prevents overstaffing and ever-increasing labor expenses.

### **Our Services**

### **Long-Term Staffing Services**

iiicareer's Outsourced Employment Services (OES) specialize in finding skilled personnel for the long term. In addition to handling their payroll, we can provide benefits such as health insurance, 401(k), and paid sick leave/vacations thus alleviating our clients from the burden of complex HR management issues. We also offer consultation on HR topics to help our clients conduct business effectively in the US, prevent the risk of employment lawsuits and reduce costs associated with recruiting and advertising.

### **JET Homecoming Career Support Project**

iiicareer assists alumni of the Japan Exchange and Teaching Program with job placement once they return to the US. In the JET Program, participating Americans teach English in schools, boards of education, and government offices in Japan. Native-level English speakers are highly sought-after by Japanese-American companies. Having strong interest and attachment to Japanese culture and its language, they offer many advantages.
