Recruitment

iiicareer = Global Talent Specialists

Hiring J/E bilingual candidates has become very competitive. We move swiftly to recognize your needs and job seekers' skills and present solid candidates who are an ideal match.

Placing a job order at www.iiicareer.com is easy and convenient for both current and future hires.

Full-Time Placement

Using improved Job Navigator® - iiii career's industry leading recruitment database - we quickly select suitable candidates from entry to executive-level positions. Mainly **contingency-based**, we offer **reasonable fees** for our job placement services with a **90-day guarantee period** and thorough after-hire follow-up.

Temporary Staffing

A perfect solution for filling seasonal job openings or complex projects that require additional workers or special skills for the short-term. Starting from a minimum of 4 hours a day, Temporary Staffing not only eliminates cost and time associated with recruiting, advertising, and HR management, but also prevents overstaffing and ever-increasing labor expenses.

Long-Term Staffing (OES)

iiicareer's OES (Outsourced Employment Services) specializes in finding skilled personnel long-term. We handle payroll and provide benefits such as health insurance, 401(k), and paid sick leave/vacations/company holidays on behalf of our clients. OES also prevents the risk of employment lawsuits and reduces recruiting and advertising costs.

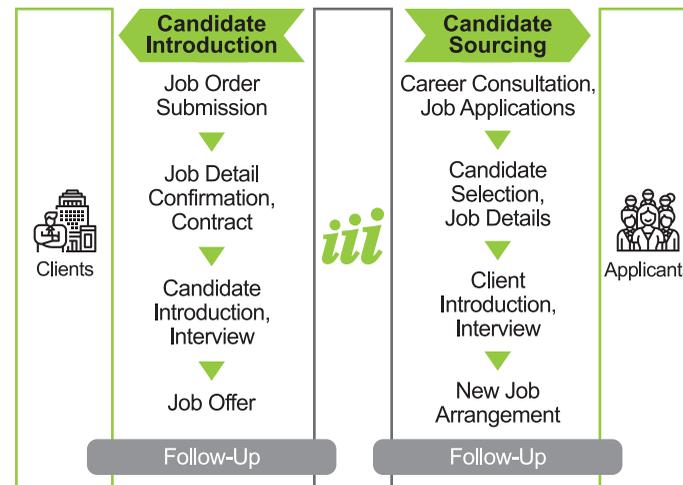

JET Homecoming Career Support

We provide employment support for those who have returned to the US after completing the JET Program (the Japan Exchange and Teaching Program). Native-level English speakers are highly sought-after. We introduce a number of JET alumni with a strong interest in and understanding of the Japanese culture.

Recruitment Process

iiHR - HR Management Cloud Service

With 25+ years of experience in the industry, and to respond to our clients' needs, we developed iiHR. It is an easy-to-use application that combines HR functions (employee data, documents, benefits, timesheet, training, etc) and employee performance and reviews into one package.
